

Four Injured In Hit-Run Auto Crash

Four persons were injured in a hit and run automobile accident occurring at the intersection of Carson and Figueroa Sunday at 7:30 p.m.

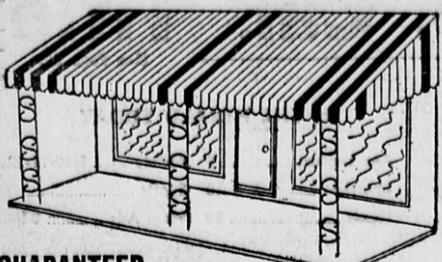

Fabian Meszaros, 21, 544 W. 92nd St., Los Angeles, and wanted by police on a prior hit and run charge, was injured in the crash but left the scene of the accident on foot. Officers picked the man up nearby and he was booked on a felony warrant after leaving the Harbor General Hospital, according to a California Highway Patrol report.

Others injured in the crash were Thomas Pierce, 37, 809 Via Wanda, Long Beach, driver of the second car involved; Maria Vince, 19, 1220 Cedar Ave., Long Beach, and Clara Hagadus, 15, 511 W. 84th St., Los Angeles, passengers in Meszaros' automobile. All were treated for cuts and bruises at the Harbor General Hospital and released later Sunday night.

The C.H.P. report stated that Meszaros, driving north on Figueroa ran a traffic signal and crashed into a car driven by Pierce east on Carson. Pierce's car came to a halt wedged between a power line pole and the front of Farmer Boy's market. The other car was stalled in the intersection.

Meszaros will be arraigned in the Compton Municipal court today, according to highway patrol officers.

Torrance Co. E Chamber Approve Bonelli Proposal

Torrance's finest — Co. E 132nd Engineers — leave the city at midnight tomorrow for their annual two weeks' training with the 40th Armored Division, California National Guard.

The Torrance men, under command of Capt. Douglas J. Horlander assemble at midnight at the local armory and join a convoy of 600 vehicles to Camp Roberts near Paso Robles. The citizen soldiers will spend 15 days at the various camps undergoing training which, according to Capt. Horlander, will be along entirely new concepts of military science.

On August 23 a delegation of five from Torrance, Mayor Albert Isen, City Manager George Stevens, Wade Peebles and Dick Fitzgerald, manager of the local chamber of commerce, will be present at a review.

Taking a direct slap at the "wishy-washy" hands of policy adopted by the League of California Cities, the Board of Directors of the Torrance Chamber of Commerce this week went on record as unanimously approving the Bonelli plan for re-apportioning the State senate.

"It's about time," President J. H. Paget said, "we in Southern California unite to make certain the citizens of our area receive the things they are rightfully entitled to, particularly in the matters of health, safety, water and highways."

IN RELEASING the text of the resolution, Paget pointed out that the northern part of the state has 30 senators for a population of 5,975,000 or less than 38 percent of the state's total while Southern California has 8,776,300 — more than 62 percent — with only ten representatives in the senate.

Under the Bonelli plan north and south would have 20 senators each which, in the opinion of the local chamber, is "more than fair."

CHAMBER OFFICIALS said the Bonelli Plan will call for:

1. No county or group of contiguous counties with a population totaling less than 250,000 shall have more than one Senator.
2. No county shall have more than five Senators.
3. No county or group of contiguous counties with a population of more than 250,000, but less than 900,000 shall have more than two Senators.
4. Any single county with a population in excess of 900,000 shall have three or more Senators.
5. The formula, for the purpose of determining future re-apportionment needs, shall be subject to review by the State Legislature at intervals of ten years.

Laughs and Protests at Council Go

Laughter and bitter words punctuated a Tuesday night City Council hearing which resulted in granting of a zoning variance for construction of a professional building in the Hollywood Riviera section.

The Council approved a Planning Commission recommendation that Gerald A. Herfurth of 441 Linda Vista be allowed to erect the facility on a site south of Pacific Coast Hwy. between Camino de las Colinas and Paseo de las Delicias.

Opponents bitterly assailed the application, claiming that it would overcrowd nearby residential streets and be a noise nuisance to area residents.

BUT ONE WOMAN brought down the house when, in telling of her position in the community, got her words tangled. "I almost got president (of the PTA) this year, but I had to decline."

Supporters of the move said the professional building would create no more noise or traffic than would an apartment house, for which the land is zoned.
